

Innovate... Invest... Deliver.

We'd rather roll up our sleeves than try to pull a rabbit from a hat.

Lucky for us we believe in hard work. We're not trying to wave a magic wand – or pull a rabbit from a hat.

We're building one of North America's premier natural gas pipeline companies by thinking boldly... planning wisely...and working hard. And, we're expanding our network of pipelines to meet the energy needs of tomorrow.

No funny business, just hard work that delivers. Lucky for you.
